Warranty Support from Kunhar

The above warranty means that Kunhar agrees to repair or replace the defective products within a reasonable time during the warranty period. In case the product is phased out or is non-repairable (with in warranty period) Kunhar will offer the nearest equivalent to the customer.

All products in warranty period have to be sent by the customer to Kunhar Service Centre, duly insured and freight paid for repairs or replacement. **Kunhar** will bear the return freight cost. Any other charges like Octroi & other government levies etc. will have to be borne by the customer & circumstances thereof will be entirely the responsibility of the client.

Advance replacements can normally be provided by the distributors only. Kunhar can consider advance replacement at their discretion and on the merit of the case based on the recommendation of the concerned Kunhar sales manager and on providing the purchase documents.

In case of "Dead on Arrival" (DOA) products Kunhar will provide new replacement.

In case the product has been misused or damaged due to mishandling by the customer the warranty will be void. In such cases Kunhar will try to repair the product only at a cost after acceptance of the repair estimate by the customer in writing. Such repairs charges will have to be paid before the product is dispatched from the Kunhar Service Centre.

In any warranty claim, dated proof of purchase must accompany the product. The warranty will be void if the warranty seal is torn or tampered or the equipment is opened by unauthorized persons. Distributors having Kunhar certified trained staff will be authorized to open and inspect the products on behalf of Kunhar.

In case of any disputes on warranty terms the decision of Kunhar authorized staff will be final and binding on the customer.

What do Kunhar warranties not cover?

Kunhar Limited Warranties do not cover normal wear and tear of the product or costs related to the removal, installation, or troubleshooting of the customer's electrical systems & power conditions. These warranties do not apply to and Kunhar will not be responsible for any defect in or damage to:

- a) The product if it has been misused, neglected, improperly installed, physically damaged or altered, either internally or externally, or damaged from improper use or use in an unsuitable environment;
- b) The product if it has been subjected to fire, water, generalized corrosion, biological infestations, or input voltage that creates operating conditions beyond the maximum or minimum limits listed in the Kunhar product specifications including high input voltage from generators and lightning strikes;
- c) The product if repairs have been done to it other than by Kunhar or its authorized service centers;
- d) The product if it is used as a component part of a product expressly warranted by another manufacturer;
- e) The product if its original identification (trademark, serial number) markings have been defaced, altered, or removed.
- f) The product which is physically damaged for any reason at client's place or during transportations.
- g) Products which are connected to external world via 3rd party connection e.g. data lines, telephone lines, internet connection etc. through LAN / WAN ports are exposed to lightening, high voltage surges etc. on data lines. LAN / WAN port failure in these products will not be supported & warranty will be considered void for such reasons.
- h) Lightening arrestors & grounding are necessary for Outdoor products. It is a sole responsibility of client to get it ready at site as per guidelines given by Pronet technical team.
